

MFC Target Building List
Updated 1/3/12

The locations listed below are estimated to be 100' or less from MFC fiber routes, making them ideal target buildings for service providers. The list contains only buildings that house businesses with estimated bandwidth requirements of 3Mb or greater.

For additional information and building entry construction quotes for locations listed please contact bizdev@mainefiberco.com or call 207-523-8937.
